

The Word of God

... The citadel of Nineveh had fasted, and three quarters of souls perished by post, for all had fasted, from suckling to white hair for three days and three nights, and you should know that three thirds of the souls perished. Why? That they had no power to fast three days and three nights.

... Christian, take a good look through the cities as you will no longer see them. Look at the high towers, for you will no longer see them. Look at the shops, for you will no longer see them. I can see how you are to choose the rings with precious stones and cloths in the streets and expensive items and you will die with them into your arms.

... Keep away from masturbators (*gay*)! Do you believe that? It is seen on earth man committing adultery with another man, and woman committing adultery with the finger with another woman; it is seen the woman who, when she does not fulfill her lust, screams as an ani-mal. You have not seen what I saw. There are men who commit fornication with birds, sheep, goats and other animals. There are women who commit fornication with dogs. My children be-ware of all kind of sins.

... My children, if you come to Me, be at My service, be perfect, and do not be ashamed of your spiritual life, do not be ashamed of the fact that the people call you “penitent” or “obso-lete”. Since the Army of God has fallen, the entire humanity is full of sins. My children, there were priests in the Army of God who preached and served. Now, since it has fallen, there is power neither at the emperor, nor at his servant. My children, do you believe this? Hear Me out, if the Army of God was here, the Romanian country would not have been like this, with this look, it would have been a country of heavenly praise. The fall is a great pain, for otherwise there were no demolished crosses and locked churches. Do you believe this?

... It is being prepared a place for My people between heaven and earth, for here on earth everything is willed to destruction. You do not know. The earth and all the plant stems and springs will be dried up. Deprive yourselves of your limbs, put them away, sons, at least to suffer My little children and teach one another to know the signs of the end. Even the infant in the arms should know the signs of the ending and teach the children to know the days by heart and let not your neighbors hear your children crying for hunger. Let it be known that today is a godly day and each one needs to live in the spirit. The feasting days were not made now; Monday was not made now, not now was made Wednesday and not now was made Friday.

... Sons, all of you should know that the time of death came to the world, for the world fell into great transgressions. Babylon, the great city will be dressed in morning clothes.

... My little children, where do you put your feet, they will be taken, and you will go into another land and there a bridge will be made so that the believers may stand during the plagues which will be poured out.
