

The Word of God

Oh, My little people, I wait for you to be prepared, for when I see you prepared, everything is over. **For today I would take you, but you will not be able to get into My kingdom**, for if your wife got sick and you took her to the hospital, it meant that I wanted to cleanse her and you brought her sweet and good food. Oh, My people, o sons, sons when should I prepare My people if you do not want to know that all are from me? You become ill and have been always taking things to be healthy but you do not want to know My signs which I make for you.

... My children, we will not stay here long and we will move to another house and there will come from far away countries, and when they will see your food (*meat, r.n.*) they will go out of their senses.

... Come near to Me. Do not allow your body to gain weight to be heavy on the way to Us. To many of you it will happen as with Lot's wife when she wanted to be with Me with all her people, but she could not walk with Me because she did not do My will. And if you take in with your people, you stick with your people as the Lot's wife did. Noah too had kinsfolk and they were crying to him, "*Noah, let us go!*" and he could not receive them because the key was to Me.

... Sons, live with fear. Be afraid, not of beaten, but of sin, for nothing will punish you but sin. There comes the one who puts a latch to the cigarette, little bottle and little meat, and happy is the one who will not take this.

... Sons, give Me too a joy that you will not depart from Me. I will go for I have a people much further strengthened than you, for they sing the prayers. Oh, what a people! Now I found it. I go at it too. When I come back, may I find you well not with drink and meat between your teeth. My little sheep, this is what I said when I left, "***Remain calm, sing and be obedient.***"
