

The Word of God

... My little children, I said so: when it will be darkness on earth, you will be the light. When there will be no more salt on earth, you will be the salt. **My little children, there will be a king over all world.** This is an earthly one **but another one is coming, a spiritual one.**

... Keep in mind, Christian, that it is written in God's law about **the one who is a Christian today, the age of this day is finished with him.** You are the key.

... The floods and all that happen are from drinking; they are from the fornication and smoking of this world. **My children, God's wrath has spread above the world. God has decided great floods and desolation to destroy this world.** This has already been seen; it is not only a sign. Do not cry over what is happening to this world, do not cry over this Babylon. **Beware, for the time is coming for you to go to sleep, and when you wake up, you will no longer know.** You will look to see your neighbor's place and you will no longer know it. Have no fear.
