

The Word of God

... Beware, and again beware! If someone comes from the world to you and asks you for blessing, do not give it to him, as many devils came out from the ground that stole the blessing from the Christians and they went and had powers over you.

... If someone showed you a mistake, receive it. Do not be upset, but rather thank him, as if he were not to say it, the evil spirit would write down your mistake. I have seen that you are determined to fast, sons. It is not necessary to fast only for three days, but you can also fast two or one day, according to your love and power, as this fasting is for all that is of value. By this fasting and by prayers you will take many out of fire.

I told you many times to learn to sing David's psalms.

... You live in a time when there is war in your houses. A husband kills his wife secretly. **A wife kills her husband, and that happens because the end is coming.** It is heard that there is not a grain of faith, not a grain of priesthood nor even a grain of little church. **Yes. It will be deserted because there is no one to minister.**

... It is heard through the world that the Christians will perish. Do not believe that. Do not be alarmed, for these rumors come from an unclean spirit. The rumor has been all over the earth, **but it is written that all the sinners will perish of their own accord, because it has been prophesied a thousand times about the destruction of sinners and they have not been afraid. However, you will lie down, and when you get up, you will no longer see the one who has blasphemed you, you will no longer see the one who has sold you, and you will not know his place anymore. As in a dream, the sinners will perish, that God can no longer bear.**

... I, the Lord, Jesus Christ, have come down from the holy heaven on this earth and I have passed through two seasons, through two times. Once I was in the flesh and this was very hard; and the second time I was in the Spirit. Blessed is the body, which received Me. May the body, which accompanied My Spirit be blessed. Blessed is the body, which knew My Spirit, for all these are rewarded. And there is still a little time, and do you know how long it is? As long as a twinkle of an eye.
